4/17/2022 Meeting Time: Sunday 5:00 PM
Attendees: Haaris, Kinan, Yosen, Aarohi, Vincent

Summary of Meeting

- Icebreakers (getting a sense of where everyone stands in ML)
    - Haaris has experience with CV
    - Aarohi also has solid experience with deep learning
    - No preference for project ideas (Aarohi suggested CV or NLP and Haaris said RL would be cool but not necessary; just something new)
- Pitched project ideas
    - Kaggle Competition
    - Reinforcement Learning projects

Action Items

- If any ideas come up, feel free to pitch them to the continuing list of project ideas here:
  📄 ACM AI SP22 - Project Ideas
- By next week's meeting (4/24), we should have a project idea (and we should start hashing out logistics and how we will approach that project)
    - I'll talk to Jon about the ideas and see his suggestions
